## Man Fleeing Local Police Officer Is Seriously Wounded

### Police Officer's Bullet Wounds Man In Flight

Shooting Occurs In South  
Side District Early This  
Morning

#### FRANK BAUGHMAN IS BADLY WOUNDED

Frank Baughman, 33, formerly of 1511 Moravia street, is in the New Castle hospital, critically wounded, having been shot by City Policeman Frank Macchia in the spine at 4:55 a. m., today after having fled from police in the South Side district. Macchia said he fired bullets in the air during the pursuit then fired direct at Baughman after he reached toward his hip pocket. Baughman was unarmed.

Policeman Macchia reported that he and Policeman Jack Thompson were in a cruiser car in South Mill street. Macchia said he called Thompson's attention to Baughman walking south on South Mill street. He was carrying a bed spread.

The cruiser operated to Home and South Mill street where they placed the traffic signal in operation. The police car was turned, headed south. Macchia wanted to question Baughman.

Officer Pursues

The cruiser car stopped at South Mill and Phillips street. Macchia started to leave the car. While getting out, Macchia claims that Baughman threw the bed spread at him. It struck Macchia in the face, he stated.

He also reported that Baughman

### PA NEW OBSERVES

One week from tomorrow will be the Fourth of July. Indications are that there will be no special programs in observance of the date in New Castle.

Autos can take the most inconvenient places to develop a flat tire. A car was sitting in the curve on Highland avenue, near Grant street, Tuesday evening, with a rear tire flat.

When a city bus and an auto sought to use the same traffic space for progress on North Mill street, between North and Falls streets, Tuesday afternoon, about 4:30 o'clock, the auto came out second best, the fenders along one side being badly crumpled.

On Tuesday evening around about seven o'clock, a young man was addressing the "multitude" in the vicinity of the public square with a religious exhortation. There was no crowd near him, but all within a block of his location could hear.

All roads led to the nearest swimming pool. Pa New: noticed on Tuesday afternoon. Young and old alike were seen with bathing suits and towels, with some carrying a bottle of lotion to make sure the rays of the sun weren't going to do them too much harm.

Large fleets of new skyview taxis are seen going through the city almost daily. A number of the shiny yellow cabs were hurrying through the city to an Eastern destination in Tuesday afternoon.

Pa New: notes that in the erection of the new type of parking meters in the downtown area, another section of street is being in-

### Look Up Woman With Alleged 'Love By Mail' Large Scale Program

DETROIT, June 26.—(INS)—Uncle Sam proved immune to the charms of pretty Mrs. Kathryn Stanton of Clawson, Mich., today and cracked open her alleged "love-by-mail" activities.

The 26-year-old divorcee, mother of three children, is being investigated by postal authorities on suspicion that her mail-order romances brought her two marriages and \$2,500 from six men.

U. S. Assistant Attorney Joseph C. Murphy charged the trail of love-letter males began in 1944 when Mrs. Stanton inserted her picture in a love-column, describing herself as "not handsome, but very nice."

Traveling Money Sent

Murphy said that last July, she arranged a "get-acquainted" trip with her correspondents. Six of the "husbands-to-be" sent Mrs. Stanton traveling money, according to government officials, but she visited only three Minnesotians and cancelled dates with three Californians.

The assistant attorney charged that Mrs. Stanton then met and married correspondent Carl Wittstock of Star Prairie, Wis. She allegedly told Wittstock that she had a job that required her to travel.

### Probe Fire Ruins On Staten Island For More Bodies

Three Persons Dead And 39  
Injured In Ferry Ter-  
minal \$2,000,000 Fire

NEW YORK, June 26.—(INS)—Firemen probed the charred ruins of the massive St. George Ferry Terminal on Staten Island today for possible additional bodies in the wake of a two million dollar fire in which three persons died and 39 were injured.

Authorities were still uncertain today how the nine-alarm holocaust started. Meanwhile 15 of the injured were still in hospitals and the city speeded up plans initiated months ago for a new, seven million dollar terminal.

Service Partially Restored

Ferry service from Manhattan for Staten Island's 25,000 commuters, partially restored early last night, was discontinued entirely later when the fire, still smoldering at 2 a. m., spread to adjoining ferry slips.

Authorities were satisfied that the fire started in the adjoining terminal of the Staten Island Transit Company, subsidiary of the Baltimore & Ohio Railroad.

Only the timing of the fast-spreading fire prevented a heavy toll of lives. A ferry boat from Manhattan was disgorging the last of 500 passengers when the flames enveloped the huge ferry terminal with lightning-like rapidity. A Coast Guard tug removed 25 Manhattan-bound passengers from the slip as the ferry pulled hastily out of the flaming terminal.

Scientists Report  
New Discovery In  
Southern Mexico

Five Gigantic Stone Heads Found  
In Remains Of Prehistoric  
Center

WASHINGTON, June 26.—(INS)—Scientists probing the jungles of Southern Mexico today reported the discovery of five gigantic stone heads in the remains of a prehistoric Indian ceremonial center.

The find was announced by Dr. Gilbert Grosvenor, president of the National Geographic Society, which, with the Smithsonian Institution, backed the investigations.

The discovery of the sculptured heads along with other statues and ornamented altars climaxed eight years of archeological work in Vera Cruz and surrounding states. All the finds indicated the existence at or before the time of Christ of ceremonial centers in the area.

Earlier expeditions have uncovered similar sculptures but these in the newest find were more massive and more finely carved than the earlier ones. Two of the new heads, carved from hard basalt, weigh more than 20 tons. Each is nearly ten feet high.

### HERE'S WHERE YOU FIND THAT ONE IN A MILLION

With the first hot spell of Summer, Coney Island again begins to count its refugees from Manhattan by the millions. When this picture was taken, the official tabulation showed more than 1,000,000 crowded on the world-famous beach. Looking them over from a point of vantage on a parachute jump are two pretty New York girls who try to get as high as they can over the heat wave.

### Dr. Flannery To Head Red Cross

Dr. Wilbur Flannery Is  
Elected Chairman At An-  
nual Meeting Tuesday

BERRY BECOMES  
VICE CHAIRMAN

Dr. Wilbur Flannery has been chosen chairman of the Lawrence County Red Cross Chapter, succeeding J. Glenn Berry who has served the chapter as chairman since 1943.

Dr. Flannery was elected at a board meeting following the annual dinner meeting of the Red Cross in the First Presbyterian church Tuesday evening, when Mr. Berry was chosen vice chairman; Norman E. Clark, treasurer; and Mrs. Guy McCracken, secretary. Members of the executive boards are Dr. Flannery, chairman; Paul Reynolds of Elwood City; Mrs. John Elliott, New Castle; Alex McCready, New Wilmington; and E. Norris Boyles of Volant.

New Board Members

Board members from New Castle include: Dr. G. S. Bennett, Paul Butz, J. Glenn Berry, Mrs. Mary Condit, Roy Conway, Paul Dingley, Mrs. W. W. Duff, Dr. Wilbur Flannery, Walter Fulkerson, Gilbert Levine, Rev. Francis McGarvey, Mrs. Norman Nelson, Mrs. John Wajert, Mrs. Raymond Williams and Ward Whitaker. Those elected from the county are: Paul Reynolds and R. J. Schill of Elwood City; Norman Clark of Volant; Alex McCready and Mrs. E. B. Russell, New Wilmington; Charles Morrow, Wampum; E. Norris Boyles, Volant; Mrs. Elizabeth Miller, Hillsville; Chandler B. McMillan, Bessemer; and Mrs. Wylie Cooper, Bessemer.

Mrs. Robert Garland, Dr. John A. Meehan, and Mrs. Thomas J. Kelly formed the nominating committee. In addition to those elected to the board, all department heads are members.

Following the dinner, which was

### Youth Confesses Murder Of Child

Youth, 14, Confesses Murdering  
Girl Three, After Attempting  
To Rape Her

HARRISBURG, June 26.—(INS)—John A. Howells, 14, of Lawnton was held in the Dauphin county jail today after allegedly confessing to the murder of three-year-old Margery Ann Vaughn, a neighbor.

Police said the youth admitted choking the little girl after attempting to rape her and dumping her face downward in a stream at the foot of a ravine near her home.

Howells was arrested by police shortly after the child's body was discovered last night. He had joined in the search for her.

Police said Howells reported he coaxed the girl to take a walk with him, made her remove part of her clothing at a secluded spot near the stream and killed her when she threatened to tell her mother.

### Lawrence County Orchardists Forsee Small Fruit Crop

City folks who like fresh apple and peach pie will find them few and far between this fall, if a survey of Lawrence county orchardists is a forecast of this year's yield.

L. C. Dayton of the Farm Extension Bureau is of the belief that the crop will be spotted. "Some will have a fair crop and others will have none."

"It seems the blossoms were frozen-out before the fruit was set, according to the opinion of W. C. Hileman of New Wilmington road. He expects a yield of about 15 to 20 percent less than former years, on

his apples, which is the main product. This year there will be no cherries, peaches or pears.

Peach Crop Nil

M. M. Ingham on the Graefland road, states that his "peach crop is nil—apples scarce, with some varieties producing fair and some with none." His grapes weren't hurt by the weather and he had only enough cherries to feed the birds.

On the Harlansburg road, the Boyard and Baldwin orchards report that they will have a very poor

### No Disastrous Water Effects In A-Bomb Test

By CLARK LEE  
(U. S. Staff Correspondent)

EN ROUTE TO BIKINI, June 26.—Crossroads scientists again stated today that there will not be any disastrous tidal waves or underwater earthquakes from the first atomic bomb test at Bikini.

Instruments to measure waves from four to 22 feet high have been placed in position below and on the surface and on the shores of the island, but it is not expected any waves of dangerous proportions will reach any populated islands of the Marshall group.

Neither, according to Commander Roger Revelle of the oceanographic section of the Crossroads technical staff, will there be any appreciable heating of water in the Bikini lagoon from the first bomb or even

### Probe Robbery In New Wilmington

State police and County Detective Charles Ross were in New Wilmington today aiding Chief of Police Martin in investigating a \$400 robbery at the Meek Jewelry store. According to state police, the door of the Meek store was forced open with a bar. The loot stolen was necklaces, ear rings and toilet sets.

The thieves apparently were the same who attempted to rob the Meek Jewelry store on East Washington street, New Castle, the same morning.

### Russian Officer Placed On Trial

SEATTLE, June 26.—(INS)—The spy trial of handsome Lieut. Nicolai G. Redin of the Russian navy jets under way in Federal Court today with a jury of five women and seven men ready to decide his fate.

The jury was chosen in less than five hours amid mounting indications that the prosecution will demand Redin's life.

### Silver Jubilee For Fr. F. Streiff

Rev. Fr. Francis Streiff, Pastor St. Joseph's Honored  
At Noon With Dinner

RECEPTION WILL  
BE HELD TONIGHT

Rev. Fr. Francis C. Streiff, pastor of St. Joseph's church, is observing his silver jubilee, 25 years since his ordination into the holy priesthood, today, June 26.

This morning at 10:30 o'clock, a silver jubilee thanksgiving mass was offered in St. Joseph's church, conducted by the same officers of the mass 25 years ago, with the exception of one.

Rev. Fr. Francis C. Streiff, celebrant; Very Rev. Fr. Michael A. McGarvey, pastor of St. Aloysius; Wilmerding, served as archpriest; Rev. Fr. Walter A. O'Hara, pastor of St. Cecilia's, Glassport, deacon; a nephew, Rev. Miles Schmitt, O. F.

### Tie Up Dogs; They Are Ruining Gardens

Mayor John F. Haven today ordered that people who own dogs must tie them up because they are ruining gardens in all eight wards of the city. "People need food and it is unfair for those who own dogs to let them run loose and destroy other people's gardens."

Dog catchers are working day and night.

Two men are assigned to a police motor truck which operates in all sections.

However, because there are so many dogs, it often is impossible for the truck to be everywhere at the same time, hence the dog truck answers calls to districts where complaints come from.

### ARTHUR MOMETER

Do you remember those days of months ago when streets were filled with slush and ice and lanes were filled with snow? When early morning found the bus all cramped with icy pain, and would not start although you primed and cursed now and again? You used for summer warm and hot, and rainy days and nights, when you could start the car with ease and take in brand new sights. You called for mercies to rise, and so they have and more, for here it is a balmy day and weather ninety-four.

### Expect Approval By President Of New Draft Bill

Compromise Draft Extension Measure Is Passed  
By Congress Bodies

### DRAFT HOLIDAY FOR TWO MONTHS

WASHINGTON, June 26.—(INS)—Congress looked today for swift presidential approval of its compromise draft extension bill but the army declared it will not know until Sept. 1 what age bracket—if any—will first be tapped in the authorized 19-through-44 group.

Companion bills extending selective service until next March 31 and boosting army-navy pay by \$56 million dollars a year were sent to President Truman with five days to spare before the present draft law expires.

No July-August Draft

Passage of the two measures was accompanied by an announcement from Secretary of War Patterson that no men would be drafted during July and August in a "sincere" campaign to raise an all-volunteer army. The navy also took such action. Meanwhile, other war department spokesmen said it was impossible to tell now:

1—What effect the two-month draft "holiday" will have on the flow of volunteers.

2—What age group in the 19 through 44 range would first be set up for induction if the combination of higher pay and increased recruit-

### Big Four Parley Progress Veiled By Full Secrecy

PARIS, June 26.—(INS)—Big four foreign ministers drove toward solution of problems surrounding Italian and Balkan peace treaty drafts today behind a self-imposed iron curtain of secrecy.

Tackles of information slipped through, however, must be important being that internationalization of Trieste is being viewed as the only sure hope for removing that major stumbling-block to full accord.

U. S. Secretary of State Byrnes blazed the trail for the representatives of France, Britain and Russia in their new hush-hush regime he held separate meetings with each, and is credited with pairing off others for speedup talks.

Internationalization?

Informed sources consider it likely that Byrnes brought up the proposal of French President Georges Bidault that Trieste be internationalized for ten years, with a piebald site at the end of that time to determine the port's permanent status.

V. M. Molotov, chief Soviet delegate in Paris, was said to have broached Bidault's plan to Premier Stalin in Moscow during two ten-minute telephone calls.

Russian acceptance of the internationalization idea would be a major victory for the western powers since Molotov has steadfastly insisted that Trieste be awarded to Yugoslavia.

# Name Winners In Speech Contest

Several New Castle Contestants Win In High School Speech Institute Event

NEW WILMINGTON, June 26.—Winners of the speech contest held by the High School Speech Institute at Westminster College have been announced. First prize winners will receive gold medals, and those winning second prize will be awarded silver medals at a special assembly of institute students Thursday.

The winners of the oration contest were William Sample, Sharon, and Carmine Perrotta, New Castle. Croy Pitzer, New Castle, and Marilyn Geib, Minerva, won the dramatic reading prizes. The awards for the declamation contest will be presented to Dena Dietrich and Helen Goodin, Canton, O.

The judges chose Patricia Smith, Franklin, and William Butterworth, Clymer, as winners of the humorous reading contest. The best of the extemporaneous speakers were Mary Ann Morris, Youngstown, O., and Charles Vogan, New Castle. The contest winners will appear at the regular chapel time on Friday morning, June 28.

# D. V. B. S. Program Friday At First U. B.

Pupils of the Daily Vacation Brethren school of the First United Brethren church will present a program of their work Friday evening, at 7:45 o'clock in the church.

One hundred children have been enrolled in the school, which is being under the direction of the pastor, the Rev. T. J. Yoder. The Rev. Thelma Spence, minister of the Valley Way United Brethren church, has been serving as superintendent. There was an average attendance of over 60 during the first week of the school.

Mrs. Melva Miller, Mrs. Ellen Jamison, Mrs. Anna Searfoss, Mrs. Jack Hoover, Mrs. Margaret Moyer and Mrs. Marion Audria have been serving as teachers. They have been assisted by Doris Livermore, Mary Elizabeth Rough, Florence Searfoss, Beverly Audria, Mrs. Betty Downs and Miss Wanda Reiber as helpers.

# SILVER JUBILEE FOR FR. F. STREIFF

(Continued from Page One)

7 to 9 o'clock. A short program has been arranged including special entertainment starting at 8 p. m. Honored guests this evening will include Hon. Judge John G. Lamore, Emmanuel Shenkan and Bernard R. Hanlon.

Father Francis C. Streiff was born in Sharpsburg, Pa., August 17, 1896, son of Anna and George Streiff. He attended St. Joseph's school, Sharpsburg, and graduated from Duquesne University Prep school and Duquesne University. He was ordained from St. Vincent's Seminary in Latrobe, Pa., June 26, 1921, and offered his first mass in St. Joseph's, Sharpsburg, his home parish church. Immediately afterwards he was named assistant at St. Aloysius', Wilmerding, where he remained until 1930. Fr. Streiff was then transferred to St. George's, Allentown, and 11 years later, in 1941, he was named pastor of St. Joseph's church, New Castle.

Since his coming to this city in 1941 Father Streiff has become well known and highly respected, not only by those of his parish, but all who know him. Many of his friends will attend the reception tonight to extend to him best wishes for continued success in his spiritual guidance among the parishioners and friends.

Rev. Fr. John M. Unger, is the assistant pastor of St. Joseph's church and he is the general chairman of the arrangements for Fr. Streiff's silver jubilee. The church committee is assisting, and includes: Charles Bauer, John Abel, Francis J. Frey, William Semler, Sr., Dr. J. Lumen Popp, Chris Connors, Francis W. Frey and Clarence Brown; in charge of entertainment is Joseph Krueger; and Frank Haas is in charge of the refreshment committee.

The latest nuptials, according to Murphy, were performed in April in Bethel, Minn., with Walter Westphall, 30, as the husband.  
Mrs. Stanton left on her wedding day, investigators said, under pretense that her mother had died, and later sent a wire to Westphall telling of her own "fatal" relapse. Walter wired the chief of police at Clawson for details of Kathryn's death. When notified that both her mother and Mrs. Stanton were alive, he contacted postal authorities.

Since college Mr. Ferver has been located in the West, being engaged in engineering work. He is a native of Lawrence county, having spent his early life on a farm near Nashua.

# DR. FLANNERY TO LEAD RED CROSS

(Continued from Page One)

prepared and served by women of the First Presbyterian church, Mr. Berry introduced the speaker, Miss Louisa Lewis, of the Public Relief staff of National headquarters.

Speaking on the future of the Red Cross, Miss Farrand told the members that the American Red Cross was one of the greatest forces for peace in the country, because it was the only large and strongly organized group whose main job was "helping the other fellow."

"The appalling thing about the American public is its utter selfishness," Miss Farrand stated. "Americans can be the most generous people in the world when it comes to digging in their pockets to help someone who needs food or clothing, but they also spend too much time trying to live up to what they call their inalienable right of individuality."

"The veteran sees things somewhat differently after he has descended into hell and come back again, he is willing to do his part for the welfare of the group."

"Too Much Self-Interest" Pushing ahead at the expense of others—on buses, in grocery stores, or anywhere else—are symptoms of this, the speaker pointed out. She also stressed the lack of tolerance in this country.

People are too busy with their own little affairs to pay much attention to what is happening at Bikini, and unless there is a sincere and complete change in human nature, the same thing may happen here. That is the main purpose of the Red Cross now, to help bring about that change.

Mrs. John B. Elliott followed Miss Farrand with a brief account of the National Red Cross convention in Philadelphia this month.

The compromise draft bill bans induction of fathers, 18-year-olds, and World War II veterans who have served either overseas or for six months within the United States, provided the six months was not spent in school.

Fathers now in service must be released by August 1 upon request. The draft compromise framed by a house-senate conference committee passed the house by a vote of 239 to 110 and cleared the senate on a voice vote with only Sen. Revercomb (R. W. Va.) objecting. The pay increase bill, giving back pay rates 30 per cent and generals 10 per cent more a month, was approved by voice vote in both chambers.

reached for a hip pocket, then fled east on Phillips street. Macchia pursued him. The policeman said in his report he fired three bullets into the air, and commanded Baughman to stop.

Baughman ran through a vacant lot then to the rear of a building where Macchia claims Baughman stopped and again reached toward a rear pocket.

Macchia reported he discharged his revolver and the bullet struck Baughman in the spine.

Policemen Thompson and Macchia took the wounded man to the New Castle hospital where an attending physician said he did not believe Baughman would survive, and if he did he would probably be paralyzed.

Asked by police at the hospital where he had obtained the bed spread, Baughman is quoted as having answered: "from between four walls."

**Returned Recently**  
According to Police Chief Robert D. Hanna, Baughman went to the army from this city and was dishonorably discharged June 18 from service at the mid-western branch of U. S. Disciplinary barracks at Fort Benjamin Harrison.

The chief of police said that Baughman had been sentenced to serve five years following a general court-martial and had served 1,015 days.

He returned to New Castle. The chief stated that Baughman formerly roomed at 1511 Moravia street.

Police Chief Hanna said that since returning from service Baughman was arrested twice by city police once for drunkenness and another time for drunkenness and disorderly conduct. Upon one occasion he had received hospital treatment because someone struck and injured his eye, the chief explained.

According to police the wounded man's mother is Mrs. Grace Baughman, who lives in Stockton, Calif. The address of his father was not on the report at police headquarters.

Charges of suspicion and resisting arrest were made against Baughman.

That such a hole might be made and cause tremendous waves and earthquakes was based on fears expressed in connection with the Bikini tests.

WH-O-O-ooo!

The 9:45 grinds to a stop at the station and a block away a leisurely walking man suddenly jumps into action. His coat sticks out in the self-made breeze, his hat flies off unheeded! A few more jumps and he bumps his traveling bag and shirts fly in the air, and still he goes trying to make the train! PIFF-PIFF. Click clackety click. . . and the 9:45 is gone. He stops and ruefully takes stock, his laundry is scattered a block. Then he slowly looks at his watch - 9:25 - and stopped. Why that couldn't be, it was just bought last year for Christmas, a gift from his own wife - Why it was impossible - it just couldn't stop so soon. Well one thing we do know - if it had been bought at Cross Jewelry, where dependable watches are in stock, he would have made that train for several years to come. His confidence would not have been misplaced.

cluded. Parking meters are being erected on both sides of East Falls street between Mill and North Mercer streets. Heretofore this sector was without meters.

In spite of the heat, horse shoe enthusiasts were busy in the Croton district on Tuesday afternoon. The court located along side of a residence, was fairly well shaded for the "barnyard golfers."

A precarious situation exists on an old residence that is either being remodeled or torn down in the East Side section of town near Florence avenue and East Washington street. A couple of long planks are holding up the roof of the old house and with children playing around, the beams, which have been there for some time, may give way.

crop. They raise Delicious and Stamen Winesap apples and do not expect to harvest more than two hundred bushels. Two years ago, they picked between four and five thousand bushels.

**Ten Per Cent Yield**  
Out in Hickory township—H. W. Newman, who has some six varieties of apples, is expecting a yield of only 10 percent. In normal years he would have four thousand bushels. In his statement to The News, Newman said, "I will be lucky if I get 400 bushels this year."

On the Rankin Johnston farm, New Castle-New Wilmington road, Johnston said they would have a very light crop—"about 10 percent," although they would have more early apples than the late variety. They will have no peaches, plums nor pears this year.

**Small Apple Crop**  
In the Princeton area, Everett Book who raises mostly apples and some peaches, reports that all his peaches have been killed and instead of the seven thousand bushels of apples he had two years ago, there will be about 300 bushels.

In looking over the situation of the peach crop, Wm. Milson whose farm is on the Youngstown road, says that the 20 percent he had expected will be very slim. Compared to the 1200 bushels he had last year the crop will be only about 200 bushels. Milson has one of the largest peach orchards in his community.

### Ladies Of Lions Entertain At Dinner-Dance Event

Ladies of the Lions entertained their husbands at a dinner-dance in the Nixon hotel, Butler, on Tuesday evening, June 21.

Places were set for 65 at tables where a delicious full course turkey dinner was served. Dancing to music of an orchestra following during the latter part of the evening.

Pink carnations and blue delphinium in blue bowls formed lovely and effective table decorations.

Mrs. S. Glenn McCracken, retiring

president of the Ladies of the Lions, gave a word of greeting to the men and Charles Lumley, new president of the Lions club, responded for the men's group.

Mrs. Francis S. Sowersby, newly elected president of the ladies' club, and Mrs. Joseph B. Leyde were co-chairmen of arrangements for a most enjoyable and successful event. The dinner-dance brought the club's 1945-46 season to a close and meetings will resume in the fall.

### EAST BROOK CLUB HAS ANNIVERSARY

East Brook Garden club celebrated its thirteenth birthday anniversary when members gathered at the home of Mrs. Frank Alborn, East Brook-Volant road, for a turquoise luncheon Tuesday afternoon.

A profusion of lovely flowers decorated the house and three birthday cakes were a feature of the luncheon.

Mrs. Vera Patton, a special guest, spoke on her hobby, "Roses." And an additional program highlight was a piano selection played by Miss Beverly Alborn.

In keeping with the anniversary, tribute was paid to the late Mrs. Walter Eckenrood, sponsor of the club.

Later guests viewed the many varieties of flowers in the hostess' garden.

Mrs. Lillian Hinkson, a former member, was a special guest.

Aides to the hostess were Mrs. Clair Alborn, the Misses Beverly and Tillie Alborn, and the club social committee.

July 30 meeting will be at the home of Mrs. Harold Walton, Walmo.

### ELDERS WIVES OF HIGHLAND DINNER

Elders and wives of Highland U. P. church gathered Tuesday evening in a dining room at Zelienople for a dinner meeting in honor of Mr. and Mrs. J. Harold Vance, Mr. Vance was newly installed as an elder of the church recently.

Dinner was served at an attractively decorated table with yellow and white appointments. Yellow flowers centered the table, and each guest's place was marked with a yellow and white place card.

Mrs. T. J. McPate and Mrs. Russell Tait composed the committee of arrangements.

Following serving, informal diversions occupied the remainder of the evening.

The group will have another dinner in October.

### TWENTIETH CENTURY CLASS LUNCHEON

Gardens of Mrs. Howard F. Magill, Garfield avenue, never looked lovelier than Tuesday afternoon when, with waterlilies and roses at the height of bloom, ladies of the Twentieth Century Bible class of the First Presbyterian church gathered on the lawn for their annual turquoise luncheon at one o'clock.

At three o'clock, Miss Annetta Butler conducted devotionals, followed by a program in charge of Mrs. C. N. Moore.

During the business, the class voted to send a girl to the youth conference at Ligonier and to assist with a Y. W. C. A. campership.

Mrs. Magill's cordial invitation to the group to return to her home for their annual picnic next year, was accepted with enthusiasm and an expression of appreciation for her hospitality.

Associate hostesses were Mrs. W. A. Stone, Mrs. C. N. Moore, Mrs. G. C. Aibel, Mrs. James Ball, Mrs. Frank Woods, and Mrs. A. E. Yoho.

### BIBLE CLASSES JOIN FOR WIENER ROAST

Tuesday evening members of the Johnson-Powell and Fred Smith Bible classes of the Alliance Gospel Tabernacle, 210 Pearson street, met at the home of Mr. and Mrs. Glenn Duncan, of Franklin avenue, for a joint class meeting and wiener roast.

The fellows gathered at six o'clock and engaged in a musical game with the Johnson-Powell class overpowering the Fred Smith class.

Following play, a period of devotionals was conducted by the class president, Glenn Duncan, with Clem Parkinson opening the meeting with prayer. Avery Rigby led the group in spirited chorus singing, after which Rev. J. H. Boon gave an impressive talk on "Playing the Game." Clyde Bookman closed the devotional period with prayer.

A large bonfire was built and the 40 members of the two classes present enjoyed a period of fellowship as they roasted wieners over the fire later partaking of the hot dogs and coffee.

SALLY NICKERSON WEDS W. H. SANNER

Miss Sally K. Nickerson, 905 Butler avenue, daughter of Mrs. Grace Hetzel of this city, and William H. Sanner, III, of this city and formerly of Youngstown, Ohio, son of Mr. and Mrs. William Sanner, Jr., of Johnstown, Pa., were united in marriage in the parlors of the First Presbyterian church, at high noon, June 24.

Rev. John J. McIlvaine officiated at the double ring ceremony.

The bride wore an ensemble of melon with white accessories and a corsage of gardenias and stephanotis. She was attended by Miss Jeanne Nickerson, of Youngstown, wearing a white suit and a corsage of roses and carnations.

Richard Shaw served the groom as best man.

A luncheon was served at a local restaurant following the ceremony.

Dispensing with a wedding trip for the present, the couple will be at home to friends at 905 Butler avenue.

SURPRISE PARTY FOR GINGER LEE BRYSON

A group of friends gathered in the home of Mrs. J. P. McClurg, Barram avenue, for a surprise party in honor of her daughter, Miss Ginger Lee Bryson's birthday.

The evening was spent dancing and informally.

At a late hour a tasty luncheon was served by Mrs. Georgianna Layton, assisted by Miss Helen Baranski.

Miss Bryson was the recipient of many lovely gifts in memory of the occasion.

Out of town guests were Mrs. Michael Lantz and son Bobby of Bedford, O.; George Lorino, Fonzy Langlois and Tony Lusiana of Greenville.

Jollikousins Meet

Members of the Jollikousins club met in the home of Mrs. Thomas Richards, Walmo, on Tuesday evening for their regular meeting.

Tables of 500 were in play with prizes going to Mrs. Harry Gribble and Mrs. William McClelland.

Refreshments were served by the hostess, assisted by her daughters Carol and Judy.

Several musical selections were given by Mrs. Mike Dressling at the piano.

Next meeting of the Jollikousins will be held at the home of Mrs. Mike Dressling, Martin street, on July 9.

### McMillin Reunion

McMillin family members met for the reunion recently at the home of William McMillin, Wampum, with 70 attending from eastern Ohio and western Pennsylvania.

Many attended this year who served in the world war, each branch being represented. Mushball and games were diversions for young people.

At 2 o'clock the group was seated at well laden tables spread on the lawn.

A business meeting followed, and Ralph McMillin of Youngstown presided. Officers were elected: president, Mrs. Marie McMillin; vice-president, Everett Marshall; secretary-treasurer, Laurabelle Hunter.

Next year's reunion will be held the latter part of June.

## Will Use Force To Ban Spying At A-Bomb Test

BIKINI, June 26.—(INS)—Vice Admiral W. H. P. Blandy, "operations crossroads" chief, declared that he would use force if necessary to prevent any foreign power from spying on the atom-bomb test by sending a plane or ship to lurk near Bikini.

Blandy said he did not think such a danger might occur, but responding to queries by newsmen, announced he is ready to act if it does. Blandy explained:

"If any foreign ship interferes we will use force. We will escort them out forcibly, if necessary."

He said no instructions had been given him regarding such an eventuality, but added he would "use my own judgment."

Asked what would happen if a strange plane flew over the test area, Blandy replied:

"It might be too bad for the plane."

Belong To U. S.

On the question of the status of ownership of the former Jap-manned islands in the Bikini atom bomb test area, Blandy said:

"I think they belong to the United States at the present time."

Blandy emphasized he does not fear spying in the area by declaring:

"I don't anticipate such trouble. Official observers can learn much more than a nearby ship could."

Effective Tuesday, Blandy assumed responsibility for air and sea rescue operations in a 150-mile radius of Bikini.

The crossroads chief carries authority to enforce previous warnings that no ships or planes, except those attached to the atom bomb task force, are to be permitted in the area.

He said adequate warning to merchant ships and planes were issued long ago, and that a reminder has just been sent to Western Pacific port directors and commanders of air fields.

So long, JOE BULGER.

WASHINGTON, June 26.—(INS)—Rep. Hancock (R, N. Y.) was today to test house judiciary sentiment for inviting Justice Robert H. Jackson to tell the inside story of his feud with Justice Hugo L. Black.

Hancock proposed to ask the group, which is meeting in executive session, to send Jackson a formal invitation to use the committee as a forum for making public any further information he may have about his supreme court colleagues.

It is now two weeks since the judicial committee received Jackson's statement of June 10 charging Black with refusing to disqualify himself to judge a case in which his former law partner represented the victor.

Hancock's proposal has found enthusiastic support from a substantial number of judiciary members who were polled for their views on inviting Jackson.

Twelve For It

Twelve members of the 27-man group were for it, two indicated their willingness to go along, only five were positively against it, and six declined to comment. Two others were not available for comment.

The committee held one session to receive the Jackson statement but, while leaving the door open for further action, withheld even a formal acknowledgment of its receipt.

At that time it was generally agreed there was nothing in the Jackson blast, as far as it went, to justify impeachment proceedings against Black. Impeachment is the only formal action the house may constitutionally take against a member of the high bench.

In the weeks since Jackson's statement was received and discussed rumors have persisted, however, that the judiciary committee was holding informal secret meetings with other members of the court to get their versions of the Jackson-Black feud.

WHO MARRIES THEM?

With the rush of marriage license applications which has been on this month the question arises, who does all the marrying? Just so you would know, we took the trouble to check back 100 licenses issued upon which the returns had been made. Of the 100, 64 couples were married by Protestant ministers, 24 by Catholic priests, 12 by Jewish rabbis and by aldermen or justices of the peace.

State Convention Sessions  
In New Castle**BANQUET EVENT  
TUESDAY NIGHT**

Over 100 delegates to the two-day state convention of the Service Star Legion closed their sessions with a luncheon in the V. F. W. home on Grant street today at 2:30.

Tuesday morning's session opened with an executive board meeting, and the seating of the state and national officers by the New Castle drill team. State President Marie Cottery called the meeting to order, and the invocation was given by Bernardine Sleigh, state chaplain. Mayor John F. Haven gave the address of welcome, and greetings were brought from the various service organizations by the following people:

**Greeting Given**

Rebecca McKissick, Carrie Shaffer, Gertrude Speed, Mary Patterson, Katherine Scott, Sabina Suber, Georgiana Walsh, Mary Kutz, Ethel Murphy, Jessie Stenger, Lillian Stevenson, Margaret Donaldson (replacing Sallie Homer), Mary Brown, Irene Polito, Nancy Jones, Ada Auen, Anna Matthews, and Lucy Caldwell.

Beatrice McNicholas entertained with a solo, and the group then adjourned with the past state presidents meeting for luncheon.

Opening the afternoon session, the New Castle chapter performed a ceremony, after which Lillian Davis sang the "Old Rugged Cross." Those taking part in a memorial service for deceased members were Ethel Murphy, State Gold Star chairman, Emma McCune, Minnie Nicholson, Edith Cline, Mina Dunt, Nellie Farrell, and Rebecca McKissick. May Hammond closed the service with taps.

The remainder of the afternoon was occupied with the roll call, minutes, election of a nominating committee, and the reports of officers and committees.

The convention banquet was at 6:30 Tuesday evening in the green room of the Y. W. C. A. Places for one hundred persons were laid at the tables, which were decorated with flowers and little plaques given as favors.

Lovely gifts were presented to the state officers, to the national president, Ohio state president to Mrs. Irene Polito, to New Castle president Mrs. Nancy Jones, and to convention chairman, Mrs. Ida Suber. Mrs. Suber was toastmistress for the dinner, at which time the national president spoke. The group enjoyed pep singing a solo by Mrs. Lillian Davis, a dance revue by students of Dottie Stewart, and instrumental and vocal music by Louise DeSalvo, Violet Germania, and Josephine Mazzy.

Today's luncheon is under the chairmanship of Mrs. Evelyn Woods.

**PERSONAL

**Carpenter Hurt  
When Shed Falls**

Caught beneath the debris when a shed attached to the former McElroy garage collapsed Tuesday afternoon, Ed McConaghy, 46, a carpenter who resides in the Mt. Jackson district, was bruised about the chest. He was removed to the New Castle hospital, where his condition is said to be good.

The former garage is being transformed into a market. The shed, a rather flimsy affair, had been put at the front of the building some years ago.

Fellow workmen and passersby lifted the roof of the shed from Mr. McConaghy and called an ambulance.

**House Agrees On  
Bill To Increase  
Pay Of Soldiers**

WASHINGTON, June 26.—(INS)—The House on Tuesday agreed to a conference report on a bill to increase the pay for enlisted men and officers of the armed forces and sent the measure to the Senate for concurrence.

Agreement came on a voice vote after only a few minutes of discussion. The legislation was virtually unchanged from the original form in which it passed the House.

The bill provides a pay increase for buck private, from \$50 to \$75 a month; PFC's \$80 a month; corporals, \$90; buck sergeants \$100; higher ranking sergeants 20 per cent increase; first and second lieutenants 20 per cent increase; cap-

tains 15 per cent, and all officers above the grade of captain, including generals, 10 per cent increase.

All increases are calculated on the base pay for the grade or rank of the individual.

The pay raise proposal received support in both the House and Senate because of the intense federal drive for armed forces enlistments to attract young men into the armed services to meet manpower requirements.

### Harmony Between U. S., Soviet Aim Of Atomic Program

NEW YORK, June 26.—(INS)—A newly established working committee of the United Nations atomic energy commission prepared today to draft a program for world control of the atomic bomb aimed at reconciling differences between the Soviet and American plans.

The committee, to be composed of one delegate from each of the 12 nations represented in the commission, was authorized late yesterday. It will hold its first session at 10:30 a. m. (EDT) Friday with the press excluded.

Establishment of the working committee came as a victory for Commission Chairman H. V. Ewart of Australia. The commission accepted without opposition his proposal that a single over-all committee draft a program including all facets of the problem of global atomic control.

He opposed an earlier Soviet proposal that two committees be appointed, one to draft world controls including punitive sanctions, and the second to plan international exchange of atomic information for peaceful uses.

The troublesome question of "big five" veto powers over atomic matters was momentarily brushed aside as France, Poland, Egypt, the Netherlands and Australia submitted their atomic proposals, completing the presentation of views of all 12 nations.

### Production In Hosiery Plants Resumed Today

PHILADELPHIA, June 26.—(INS)—Production was resumed today at 13 Philadelphia hosiery mills with the additional award of a one-cent hourly increase to a boost of five-and-half cents which was given the workers last week.

The work stoppage began last Friday at the Gotham Silk Hosiery Co., M St. and Torresdale Ave. in protest against the wage boost granted by the hosiery wage tribunal, and it spread rapidly to other plants until nearly 5000 workers were idle.

The end of the wildcat strike came after a four-hour meeting last night of the executive board of the CIO American Federation of Hosiery Workers, branch 1.

President William M. Leader said the board was notified that management representatives had approved the extra wage increase.

### Food Situation In Mine Areas Is Being Probed

WASHINGTON, June 26.—(INS)—The Agriculture Department said today that an investigation is being made to determine the exact food situation in the mine areas of the upper Appalachian mountain chain.

The department said the investigation is being conducted by John Goss, district representative of the Production and Marketing Administration in Pittsburgh. Goss's inquiry will be concentrated on the meat situation in the mine areas.

He will make a report to the Agriculture Department at the conclusion of the investigation. The department said.

### No Order Yet On Draft Holiday

HARRISBURG, June 26.—(INS)—Lt. Col. Henry M. Gross said today inductions of men between 20 and 29 were scheduled to be continued until the future of the draft law was definitely determined.

No orders to suspend inductions during July and August had been received from Washington headquarters, he added, although a directive was expected immediately after President Truman signed the draft extension.

Men with service of less than six months involving no overseas duty were subject to re-induction, Gross stated. The June draft figure was expected to remain under 300 men, he added.

### SAFETY CONFERENCE

PITTSBURGH, June 26.—(INS)—A highway safety conference began in Pittsburgh today, highlighting an all-out campaign to end mounting traffic fatalities in the Pittsburgh district.

Called by Mayor David L. Lawrence, the conference will hear city, county and state authorities as well as officers of out-of-town communities. They will discuss traffic enforcement, engineering and education.

### Electrical Industry Makes Rapid Strides In Full Production

NEW YORK, June 26.—(INS)—The electrical industry today was making rapid strides toward pre-war production of household appliances and heavy industrial machinery, according to an announcement by Gwilym A. Price, president of the Westinghouse Electric Corporation.

Reporting to a board of directors meeting in New York, Price disclosed that the company was rapidly overcoming strike-enforced production delays and material shortages. He said that the Westinghouse Electric appliance division is now turning out 1000 refrigerators a day—50 per cent of pre-war output.

He added that the department is breaking all production records on electric irons and toasters, turning out almost 3,000 units a day.

Price reported that Westinghouse received \$191,817,000 worth of new orders during the first five months of 1946. He said this new business swells the company's backlog of unfilled orders to \$421,797,000.

Discounting possible shortages of materials furnished by outside suppliers, Price pointed out that the company may exceed all pre-war production figures on electrical appliances by the end of the year.

### P. U. C. Cannot Act In Butler Strike

PITTSBURGH, June 26.—No action can be taken by the Public Utility Commission to end the 36-day-old strike of bus drivers and mechanics at Butler, P. U. C. Chairman John Higgins, Jr., indicated yesterday in Harrisburg.

Petitioned by approximately 10,000 bus riders of Butler and vicinity for restoration of service, Chairman Higgins pointed to a commission regulation which he said bars the requested action.

Meanwhile, Federal conciliation efforts were reported "making progress" toward settling a four-day strike of 112 drivers and garage workers of the Beaver Valley Motor Coach Company.

### Steel Workers And Miners Make Demands For Food

PITTSBURGH, June 26.—(INS)—Two powerful unions—the Steel Workers and the Miners—today joined forces in protests against the meat, bread and flour shortage and demanded immediate relief or "no work."

The unions with a combined membership of 1,200,000, threatened to "stay-at-home" until they are given a "full dinner pail."

Their threat of a new work stoppage came just as both industries are recovering from crippling strikes that has thrown America's reconstruction program back at least six months.

The steelworkers and miners are the first group to organize and demand more substantial food.

### CHARGE MOTHER NEGLECTED BABY

PHILADELPHIA, June 26.—(INS)—A 21-year-old mother was held in \$500 bail today on charges of leaving her year-old daughter sitting on a high chair in the sun for eight hours.

Neighbors summoned detective who said they found the baby badly sunburned and slumped in her high chair in the back yard. The defendant, Mrs. Harriet Subowski, of 8th street, and Columbia avenue, said she had gone out to look for a job, and a sister was to have taken care of the child while she was gone.

### STORE IS BURGLARIZED

BUTLER, June 26.—State police are investigating the burglary of the Marwood general store and post office. The proprietor of the Marwood store reported that burglars had cracked the safe. Other valuables, including stamps and bonds, were not touched.

### States Spending Much Money On Advertising Now

CHICAGO, June 26.—States are spending more money on advertising this year in an intra-state scramble for new industry, expanded agricultural markets and tourists.

Thirty-nine of the 48 have authorized use of state funds for advertising and publicity in newspaper, magazines, movies and radio in 1946, the Council of State Governments reports.

Heaviest appropriations were made by Florida, \$500,000; New York and Pennsylvania, \$400,000; and Utah \$300,000.

## Dr. Jas. K. Pollock, Jr. Adding New Laurels

To an already brilliant record, Dr. James K. Pollock, Jr., a New Castle man who is professor of political science in the University of Michigan, is adding new laurels. Dr. Pollock is the United States political adviser for Germany and is associated with General Lucius Clay, who is in charge of the American zone.

Dr. Pollock was sent to Germany when the country was divided into zones and has been co-ordinating work in the American zone. His headquarters are in Stuttgart where he resides in a mansion formerly owned by a wealthy German.

In his work as political adviser to General Clay he directs many activities designed to bring the German people back to a democratic way of life. Recently he inspected the elections held by the Germans in such cities as Karlsruhe, Pforzheim and Stuttgart. Later he was flown to Berlin for a conference with Russian and British officials upon joint policy for Germany.

In a letter to his mother, Mrs. James K. Pollock, Sr., and his sister, Mrs. Rachel Pollock Taylor, Dr. Pollock says he intends to return to the United States later in the summer and resume his duties in the University of Michigan.

Recent issues of nationally circulated American magazines, have mentioned Dr. Pollock's work in Germany in highly commendatory terms.

## Clear Way For Divorce Suit Of British War Bride

RENO, Nev., June 26.—(INS)—Cancellation of a deportation hearing for Mrs. Jean Pauline Carbone, pretty British war bride, cleared the way for trial of her divorce suit against Lieut. Harold J. Carbone of Rochester, N. Y.

The deportation hearing, requested by the army officer, was called off by U. S. immigration authorities, thus removing a possible question of the legality of Mrs. Carbone's Nevada residence.

The divorce suit will be heard July 3. Carbone filed an answer to his wife's suit and charged that Capt. Darrell Beschen of Dubuque, Iowa, is the father of the baby girl who was born to the girl after she came to the United States from England. John Robb Clarke, Mrs. Carbone's attorney, said the deportation hearing was vacated at the request of the legal department of the British embassy in Washington.

## Will Hear Case For Annulment Vs. Maj. Vermuth

MANILA, June 26.—(INS)—The Philippine civil court agreed today to hear a former nurse's side of her annulment suit against Major Arthur Vermuth, famed "one-man army" of Bataan.

The nurse, Josephine Oswald, who claims that she and Vermuth were married in Manila on December 7, 1941, has requested the court to hand down a default judgment in the case.

The girl filed suit in January for annulment, asking \$100 monthly support until the case is settled. Vermuth, who has denied that he married the girl, was directed in a letter to answer the complaint by May 25 but the court received no reply.

## FATHER SOUGHT FOR MURDER OF TWO DAUGHTERS

Intensive Manhunt Is Under Way  
In California After Crime  
Discovery

REDWOOD CITY, Cal., June 26.—(INS)—An intensive manhunt was underway today for a 24-year-old father charged with the murder of his two small daughters.

Named in a murder warrant issued by San Mateo county authorities was Vories Newton, 24, father of two-year-old Barbara and seven-month-old Mary Anne. The bruised bodies of the two children were discovered yesterday in a wooded canyon near the coastline.

At a hospital in San Mateo was the girls' mother, Mrs. Lorraine Newton of Alameda, Cal. She was found wandering in a dazed condition and bleeding from injuries not far from the bodies of the children. Newton was described by authorities as a glass installer and former Coast Guardsman.

#### Search Train

Working on a tentative clue, Marysville, Cal., police last night searched an eastbound train for Newton, but failed to find him aboard.

Authorities said Mrs. Newton and her two children apparently went for a picnic ride with her husband Monday afternoon.

In her statement to authorities, Mrs. Newton said:

"I remember looking back at the ocean as we drove up the canyon. I remember looking at my watch. It said 3:20. That's the last I remember. I don't remember any blow, only that some time Tuesday I came to, lying in a chicken coop."

An autopsy showed that an instrument like the claw end of a hammer had been used to crush the skulls of the two infants.

## Scores Russia For Balking At Jap Repatriation

TOKYO, June 26.—(INS)—Chairman George Acheson, American member of the Allied Control Council, criticized Russia today for delaying repatriation of Japanese from Soviet-occupied areas.

At a meeting of the four-power group, Acheson declared that 93 per cent of Japanese have been repatriated from areas controlled by the United States but that not one Japanese has been sent home from Soviet areas.

The American chairman declared: "From the point of view of Allied unit alone, I shouldn't wish to see any of the terms of the surrender unilaterally abrogated or disregarded."

Lieut. Gen. Kuzma Derevyanko, the Soviet member, refused to discuss the question beyond saying: "I think it would be a very good idea if Scap (supreme command, Allied Powers) furnished ships to expedite repatriation of Japanese from Northern Korea."

Derevyanko also refused to discuss his letter of protest to extension of Japanese fishing grounds to cover waters near Siberia. At the last council meeting, Derevyanko had agreed to the extension which was proposed by General MacArthur as a means of alleviating the food shortage.

## Washington School Playground Show

George Washington playground's "On Wheels" show Tuesday afternoon resulted in ribbons for five entries. The cutest was Norman Todd's scooter; the prettiest was Tommy Steel's bike; the oddest was Joyce Webb's stick horse; the smallest was Joan Cameron's wheel barrow; and honorable mention was won by Jimmy Wilson's bike.

Judges were Mrs. Harvy Dronsfield, Janet Frank, Rose Ann Zeigler, Janet Ball, Dick Burr, Jim Campbell and Paul Gibson. The playground supervisor is Marilyn Reeves.

## EXCESSIVE RAIN HINDERS FARMERS

HARRISBURG, June 2.—Excessive rainfall in most section of Pennsylvania except in the east and north continued to delay many farm activities during the week ended June 18, the state department of agriculture announced today.

The federal and state weather and crop summary for the period revealed a few areas with 24-hour rainfall in excess of 2.5 inches and several communities in west-central counties experienced flood conditions.

While precipitation for the week averaged 2.13 inches, parts of Lancaster, Cumberland, Erie and some counties had four inches or better. Temperatures average 8 degrees, two above normal for the week.

#### NEW INVESTMENT FIRM

PITTSBURGH, June 26.—(INS)—The Mellon Securities Corporation, of Pittsburgh, will merge July 31 with the First Boston Corporation to form the largest investment banking business in existence. It was announced today in Pittsburgh. The merged corporation—subject to approval of stockholders—will retain the name of the First Boston Corporation and will operate with a capital of more than 25 million dollars.

Approval of the merger was expected July 29 when stockholders of both corporations vote on the plan.

Directors of both firms already have approved terms of the merger.

#### WINS FELLOWSHIP

NEW WILMINGTON, June 26.—Miss Eleanor McMichael of North Fayette is winner of a fellowship at the University of Wisconsin. Miss McMichael, a senior at Westminster college, has maintained a "3" average for the past five semesters. This is as perfect in scholarship as it is possible to attain. She will major in modern European history as Wisconsin and plans to enter teaching.

Nursery Occupies

Place Where Yanks

Long Awaited Orders

SAN FRANCISCO, Cal.—There's a nursery now where the guys used to stand in line for weary hours, sweating out travel orders.

Little tables and chairs and flamboyant Walt Disney cartoons on the walls make a miniature playhouse out of the corners where G. I.'s once dumped their barracks bags.

Over in the waiting room, the wooden benches have been replaced by soft-cushioned, upholstered easy chairs.

The bored and burly sergeant who once bawled ceaselessly: "Get back in line, Mac, get back in line," has been succeeded by a sweet-voiced young lady who sings out: "Number 82, number 82, please! They're ready for you at the dispensary."

And behind those dispensary doors, where soldiers once swore sulphurous oaths at the sight of the man with the needle, their sons are swearing in baby language—wailing a mighty "waaaaahhh!"

Westward Bound

For the wives and kids of the erstwhile warriors are westward bound through the same San Francisco port of embarkation where a million and a half fighting men passed during 45 months of war.

Port authorities try to get them out as swiftly as possible, and they've rigged a sort of "dependents' assembly line" to speed up the process—but it's no secret that the wives and kids are treated with more thoughtful tender care and handled with much less dispatch than were their husbands and fathers. There was, you may recall, a war on when papa preceded them.

"Still though, we're getting them out pretty fast," said Lieut. Douglas B. McMullen, a native San Franciscan who works in the port's public relations office. "More than 3,000 have departed to date, and there's more going almost every day."

Going To Pacific

They're going to Honolulu, the Marianas, Okinawa, Manila and Japan and all the way-stations in between.

"We had nearly 200 through yesterday," said pretty, dark-haired Loretta Brown, assistant to the outbound traffic boss. "And none of them had to spend much time in here. If we aren't too crowded, it seldom takes more than 15 minutes for each person."

However, that's only the last part of the procedure. The process starts long before—when the soldier applies for his dependents to join him wherever he may be.

Then the wheels start grinding. It must be specified whether or not a car is to be taken (oh, yes, the Army will transport the family jalopy for you), and just what household goods can go.

The State Department then gets in its nickel's worth, sending the passports in question directly to the port authorities—rather than requiring the dependents to be responsible for them. When the passport is received, word is sent to the soldier's family.

Spend Few Days Here

"Usually, we allow two or three days for them to spend in town or here at the port's hostess house," said Miss Brown. "But sometimes sailing orders are changed and they stay a little longer. In any case, we take care of getting them hotel reservations downtown, if they don't stay out here. Remember that sweet little barracks suite they reserved for you, Mac?"

When they show up here at the processing center, the families get a number. While they're waiting for it to be called, they fill out information blanks, medical and baggage clearance papers, and list their next of kin in case of—well, you know how the Army is!

Meanwhile, the Army is taking care of the cat you should see some of the ancient wrecks lining the dock! The baggage and the other details. Finally, the number is called, inoculations are checked, the last papers are filled out, and all that ma and the kids have to do is—well, it's still the Army—wait a while.

But the way they wait is somewhat different than in doughfoot days. It's in the pleasant, hospitable atmosphere of the hostess house at Fort Mason, or downtown in the hotel. Then comes sailing day. Do they get booted out at dawn, then wait for hours, then have to march down to the docks? Hah!

Like as not, Lowell Johnson, Loretta's boss, will get a bunch of cars, roomy buses and the like, and go pick them up in person—with boys to handle the hand baggage, even!—and deliver them dockside just before the boat sails.

Yep, things sure have changed, Mac.

## America Won't Attempt To Get Foreign Markets

Business Men Must Fight Alone To Capture World Markets Opened By War's End

WASHINGTON, June 26.—(INS)—The United States today planned to let the American business man fight his own way in seeking to capture the foreign markets opened by the war's end.

An informed source revealed that the United States has no plan of intention to send missions abroad to garner markets for domestic products, industrial or agricultural.

This is in contrast with the policy of other major powers, such as Russia and Britain, which have been active in the Latin-American field.

Russia only recently concluded a trade arrangement with Argentina at about the same time that diplomatic relations were established for the first time between Buenos Aires and the Soviet Union.

Britain is reported sending a mission to Buenos Aires. Both powers are said to plan trade missions to Brazil and other American Republics.

In refraining from such activity, the state department is governed by several considerations. They are:

1. The United States is not as dependent on industrial exports as is Britain, which has no raw materials and needs to find markets.

2. American policy is the maintenance of free enterprise with as little government interference as possible.

3. Special arrangements between any two states are regarded as fundamentally antagonistic to the American policy of multilateral trade with as few restraints as possible.

Other Factors

However, other factors are said to enter into the U. S. attitude. Washington is ready to give aid wherever it can to restore the world to a free trade basis, by extending reconstruction credits, the sale at low prices of surplus property, and by general assistance, particularly to Latin-America, in the economic field.

Moreover, at present the domestic demand for consumers goods and even some heavy products is such that American manufacturers are generally more anxious to garner that push field than to seek markets abroad.

For the time being at least, it was said, the government plans only to facilitate the operations of business men abroad who want to get into the foreign field. In this connection it has set up services to expedite their work on the general theory that reopening of world trade is essential to restoring world peace.

U. S. AUSTRALIAN

LONDON, June 26.—(INS)—Reuters reported from Sydney today that Australia has received the official backing of Britain in its stand for reciprocal use of Pacific bases with the United States.

Australia refused to grant America the use of bases under commonwealth jurisdiction unless the U. S. permits the British Empire to use its Pacific bases in return.

College Housing Solution Sought

HARRISBURG, June 26.—(INS)—Gov. Edward Martin's "GI College" committee was slated to confer with Pennsylvania College presidents at Harrisburg today in an attempt to solve the campus housing shortage.

Expansion of local facilities was scheduled to be discussed as an alternative to establishing a veterans college on the Indianopolis Gap military reservation, according to Superintendent of Public Instruction Francis B. Haas, chairman.

Colleges will probably be asked to use public buildings for additional classroom or dormitory space if possible, he said.

CLAIMS U. S. IS NO. 1 FIRE TRAP

NEW YORK, June 26.—(INS)—The United States was condemned today as "the world's number one fire trap."

Herbert A. Friede, superintendent of fire alarms in Washington made the charge at the annual convention of the Eastern Association of Fire Chiefs. He cited figures showing fire damage in the United States caused 10,000 deaths and a financial loss of five hundred million dollars annually.

## Army Predicts Ocean-Crossing Rockets In Year

Announcement Made By Ordnance Experts As They Prepare For Next Rocket Tests

WASHINGTON, June 26.—(INS)—Army ordnance experts said today that by next spring the war department would be "on the right track" to development of super-rockets capable of crossing the ocean.

They made this revelation in making preparations for shooting the sixth V-2 rocket 100 miles upward at White Sands N. M. next Thursday. Rockets fired there before have reached between 71 and 75 miles high.

The five rockets shot into the sky thus far have been shattered upon hitting the ground, making it impossible to salvage valuable laboratory recording instruments packed inside to bring back secrets of the upper atmosphere.

During the forthcoming test a radio beam will be sent to the rocket, detonating it. This action will allow the instruments to fall free of the missile which will fall in a "flat" spin, rather than nosing into the ground as usual.

To Have "Good Idea" Spokesmen said that "when the test is completed they will have a pretty good idea" how far up rockets can be sent in the future.

In pointing out that there will be 26 more tests between Thursday and next spring, the experts said:

"We want super-rockets powerful enough to cross the ocean. By the time our White Sands experiments are over we will be on the right track."

Joint army and navy researchers will watch the altitude record expected to be set during this week's rocket test.

Ordnance officers observed in predicting last long strides in rocket development, that "we already have picked up 12 years knowledge by means of the tests in New Mexico."

It was pointed out this grasp of the science of rockets acquired in a short time by the United States "took the Nazis many years and cost them millions of dollars."

The officers said that they were unable to estimate expenditures involved in the U. S. army tests, asserting that they are relatively minute.

### PAYMENTS TO VETERANS

HARRISBURG, June 26.—Ramsey S. Black state treasurer, announced that payments to returned Pennsylvania veterans under the Service Men's Readjustment Act during the week ended June 13, 1946, totaled \$3,988,232, paid in 199,711 checks.

### Wife Of Tobacco

Heir Is Granted

Big Settlement

MIAMI, Fla. June 26.—(INS)—An outright gift of \$3,042,000 goes to Mrs. Elizabeth Dillard Reynolds as a settlement in her divorce from Richard J. Reynolds, heir to a large tobacco fortune, it was learned Tuesday.

Mrs. Reynolds was granted a divorce from her husband in circuit court in Miami on her counter suit charges of "extreme cruelty."

In addition to the three million, forty-two thousand dollars the settlement reportedly gave Mrs. Reynolds their \$500,000 home and an 11,000 acre farm near Winston-Salem, N. C., and a trust providing \$20,000 a year for the couple's four sons.

Mrs. Reynolds had previously won a suit in Winston-Salem for custody of the children and separate maintenance.

The couple had been married since 1933.

### New Hampshire

Boy Kidnapped

NASHUA, N. H. June 26.—(INS)—City and New Hampshire state police reported today that a small boy was kidnapped while walking along a street and thrust into the compartment of a dark car.

Witnesses said the boy was picked up by a car bearing Massachusetts license plates. They were indefinite as to the numbers because the trunk cover was lifted to shove in the boy.

They told police one man was in the car. The car sped off toward the Massachusetts line.

Several hours following the report, police said they had received no information of any child missing.

## Reporter Finds Pepper Is Scarce

Story Is Same In Stores Visited In Search—Imports Cut Off For Years

Gradually those hard to get items are making their way back onto your local grocers shelves, but one thing is still missing, and that is honest to goodness old fashioned black pepper.

Once the stores sold out their pre-war supply, there has been no more received of the genuine article. Some are selling a substitute, but it really doesn't take the place of the real thing.

It seems as though the largest percentage of our pepper comes from the East Indies and with the war interfering with the cultivation of the crop and of course the lack of shipping space, shipments to this country practically ceased.

Just to find out for himself if these "no pepper" stories were on the level, a roving reporter dispatched himself to some of the leading grocery stores in the city but the answer was the same every where he went. "Sorry but no pepper." A substitute was offered but it wasn't real pepper.

What are the future prospects of Mr. and Mrs. John Doe having the little pungent condiment on his table, as Noah Webster would put it? Well your reporter delved just a little farther and went to the wholesaler and inquired if the situation was improving. Another one of those bleak reports was received that the situation was very bad and in fact it was getting worse. He concluded that we would have to be content with the substitute product for some months yet.

Along with pepper, tapioca will be absent on many tables for some time yet. Tuesday afternoon's survey revealed. Some stores haven't seen any of it for about two years now.

At least we have one consolation food here, is not quite as scarce as over in the countries that have taken the blunt of the war and we can get along for a little while yet, with the extras that we Americans have been used to.

### British Hostages

Are Threatened With Execution

Threats Made If Death Sentences Are Imposed On 31 Accused Saboteurs

JERUSALEM, June 26.—(INS)—Jewish underground fighters promised sure swift execution today for three British hostages if death sentences are meted to 31 accused saboteurs on trial in Jerusalem.

The 30 men and one woman being tried for carrying hidden arms and explosives, as well as for blasting bridges throughout the Holy Land, are members of Irgun Zvai Leumi, most extreme faction of the militant resistance movement.

Irgun's radio station "Fighting Zion" warned that if two Jews already under death sentences are executed, the captive officers will be killed before the trial of the 31 extremists is completed.

Two British officers who were released after being held as hostages told authorities that "reprisals" will certainly be taken against those still held if death is decreed for Irgunists on trial.

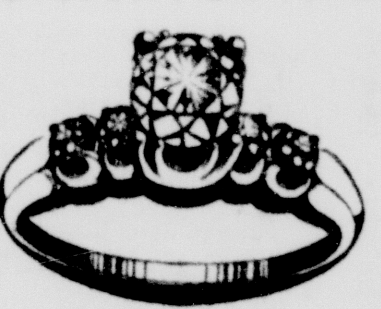

## New Pastor Arrives From Clarion, Pa.

Rev. Francis Johannides, new pastor of the Hoover Heights Gospel Tabernacle of the Christian and Missionary Alliance South New Castle, arrived in this city Tuesday and will assume his new pastorate on Sunday morning at the Hoover Heights church.

Installation services for Rev. Johannides will be conducted on Wednesday evening, July 10.

Part of the tower of the old church of St. John, built in the 12th century and turned into a fort by Cromwell, is still standing in Ayr, Scotland.

### CUT LAWN OFFER DURING LUSH GROWTH

When in grass grows rapidly as happens after a rain season, the lawn should be mowed frequently, but at no time less than 1½ inches.

If the clippings are heavy enough to cause an unsightly appearance on the lawn when they are dry they should be removed. Ordinarily the fine clippings disappear on the ground where they restore plant food to the soil.

Frequent clippings during lush growth not only keep the grass in control, but also give a better appearance to the lawn than to mow it after the grass gets out of hand when mowing may give a stubby bare effect.

## Great Lakes Strike Called For August 15

CLEVELAND, June 26.—(INS)—The CIO-National Maritime Union today called a strike against Great Lakes shipping for 12:01 a. m. (EST) August 15.

Purpose of the strike, according to Frank Jones, Lakes contract director of the union, is to extend the gains won for costal seamen to the Great Lakes, with particular emphasis on the shorter 40-hour work week.

The union filed strike notices against 10 shipping concerns June 15. At a weekend conference in Cleveland the Union representatives said they had considered measures of extending the strike to cover all Great Lakes shipping companies and all seamen, dock workers and others with a direct interest in shipping.

## Rev. M. H. Lobeck In Attendance At Lutheran Conclave

Sixty-Sixth Convention Of Eastern District Convened At Angola, N. Y. Near Buffalo

From Monday through Friday of this week Rev. M. H. Lobeck, pastor of Christ Lutheran church, East Washington at Beckford streets, will be in attendance at the 66th convention of the eastern district of the Lutheran church. Representatives of more than 125 congregations will be in attendance at this unique conclave, which is being held on the grounds of Camp Pioneer, a 65-acre tract on the shores of Lake Erie, about 20 miles south of Buffalo.

The sum of \$342,210 has been received from this district of the Lutheran church for the work of the church at large, representing a per capita average of \$11.95.

Rev. Lobeck expects to return to New Castle from the convention on Friday evening.

## Veterans Going To School Warned To Get Certificates

Last Minute Application For Certificates Of Eligibility May Delay School Entry

Veterans who plan to enter colleges and universities next fall for the first time under provisions of the G. I. bill, were urged today to apply immediately to the Veterans Administration for their certificates of eligibility if they have not already done so.

Alvin R. Givier, manager of the VA regional office at Pittsburgh, pointed out that although VA rules do not require the veteran to obtain a certificate before enrolling at a

school, many colleges and other institutions are asking veterans for these certificates before admitting them as students.

Warning of possible delays if too many last-minute applications swamp the Pittsburgh regional or the sub-regional offices, Mr. Givier advised prospective students to secure the necessary application forms from the nearest VA contact office in their locality.

The application form together with a certified copy of the veteran's discharge certificate should be submitted either by mail or in person to the nearest VA office in the area in which the man resides. Certificates will then be issued to the veteran well before the time they are needed.

## Argentine Assets Will Be Unfrozen

BUENOS AIRES, June 26.—(INS)—The United States decision to "unfreeze" some 700 million dollars worth of Argentine assets was credited today by diplomatic observers to a personal letter which President Juan Peron reportedly sent President Truman.

The contents of the letter were not known but reliable quarters believed it would expedite improved relations between the two nations.

Government circles said Peron plans to accelerate arrest of Nazi agents in Argentina.

These quarters say the agents will be deported or handed over to allied authorities, except those who will have to serve jail sentences in Argentina for espionage.

## POULTRY FEED OUTLOOK GLOOMY

HARRISBURG, June 26.—The feed situation in Pennsylvania has turned out more serious to poultrymen than was anticipated earlier in the year when flock reductions started. The State Department of Agriculture reported today following a federal-state survey of baby chick production for May.

Only 8,250,000 chicks were hatched during the month compared with 10,563,000 in May 1945 and 1946. 1944 average of 9,377,000 for the month, the survey disclosed.

## Lou Boudreau To Stay As Manager

### New Owner Of Indians Says "Boudreau To Remain This Year At Least"

CLEVELAND, June 26.—(INS)—Bill Veeck, the youthful new president of the Cleveland Indians baseball club, was on the other end of the phone Tuesday.

"We're in a very bad spot here with all the rumors about firing Lou Boudreau and getting a new manager for the Indians," Bill told International News Service.

"How about helping us out?" Veeck continued. "Just write a little story quoting me that Lou Boudreau is going to remain as the Tribe manager for the balance of the season—at least."

**Doing His Best**  
"Boudreau is a satisfactory manager. He's doing his best with what he has to work with. It's a little late in the season to expect him to go out and get a new team."

"All these rumors are hurting the morale of the ball club and they aren't fair to the baseball fans." That was Bill Veeck's little piece on Lou Boudreau and it's reported verbatim for the skeptics and the boys who had an idea the Indians ball club was to be torn inside out as soon as Veeck and his associates took over.

## Church Softball League Starts

New Castle Church softball league kicked off on the 1946 card last night with five games being played. Second U. P. led by the hard hitting Dick Davis who had a homer, defeated the St. Vitus team to 8 at Boyles Field. Bogard and DIMUCIO had homers for the Saints. The winning pitcher was Clobus the loser was Augustine.

Croton defeated Epworth 6 to 3 at Hickory Heights with Sweeney the winning pitcher and Morgan being the loser. Glover and McEwen had homers. The First U. P. team defeated Third U. P. at Rose Avenue 14 to 13 with England Gibson and Jackson pitching for the winners and Myer the loser. E. R. Bollard and Ted Lewis had homers. The Second Baptists defeated the First Baptists 14 to 9 with Kasey, Gilmore Brown and Waters hitting the ball hard. St. John's walloped the Christians 31 to 11. The Central Presbyterians were idle.

Ogie Martella, who represented Penn State in the all-star college baseball game, also is a stand-out in football.

## Kramer-Brown Doubles Stars

WIMBLEDON, June 26.—(INS)—British tennis experts were wondering today if the United States has not uncovered a new—and very formidable—doubles combination in Jack Kramer of Los Angeles and Tom Brown of San Francisco.

The new combination made an impressive showing yesterday in eliminating the British team—R. W. Baker and T. R. Miles—6-0, 6-1, 6-2. ADD WITH MEN IN U. S. 1. St. Stanley Routman, attached to the air force, is on thirty days furlough, visiting with his parents, Mr. and Mrs. Alec Routman of 629 East Washington street. Stanley was called home on account of the illness of his mother, who is confined to the New Castle hospital. Mr. Routman flew from Manila, Philippines, via Kwajalein, Johnston Island, Guam, Hawaiian Islands, San Francisco, and Washington, D. C.

## Little And Snead Off For Scotland

NEW YORK, June 26.—(INS)—Lawson Little and Sam Snead left last night by clipper for London, each hopeful of becoming the fifth American-born player to win the British Open golf championship in the first renewal of the event since 1939.

They will be the sole representatives of the United States in the competition starting July 1 at St. Andrews, Scotland.

## Joe McCarthy Made Yank Talent Scout

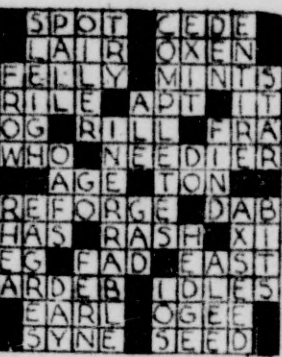

CLEVELAND, June 26.—(INS)—Former New York manager, Joe McCarthy, was revealed today to be a talent scout for the baseball club. Yankee President Larry McPhail, in Cleveland for the current series between New York and the Indians, announced that McCarthy would work in an area including Ohio.

The Yankee manager resigned recently because of ill health. Irony Note—Bill Skiff, recently relieved as manager at Seattle in the Pacific Coast League, has been succeeded by Joyner White, the veteran outfielder. Skiff had a chance to sign White for his Seattle club last year but figured the veteran's legs were ailing. White joined Sacramento and led the league in batting with .355.

"Trial by Jury" was the first comic opera by Gilbert and Sullivan. It was first produced in London, March 25, 1875.

During the Minor League convention last December, Bill Norman, veteran outfielder with Toronto of the International League, told a newspaper man he'd be manager of the Leafs before next July 4. Just the other day he was named to succeed Harry Davis, who has been released.

## Steelers Have 40 On Signed Roster

PITTSBURGH, June 26.—(INS)—The Pittsburgh Steelers professional football club Tuesday announced that 40 players already have signed their 1946 contracts.

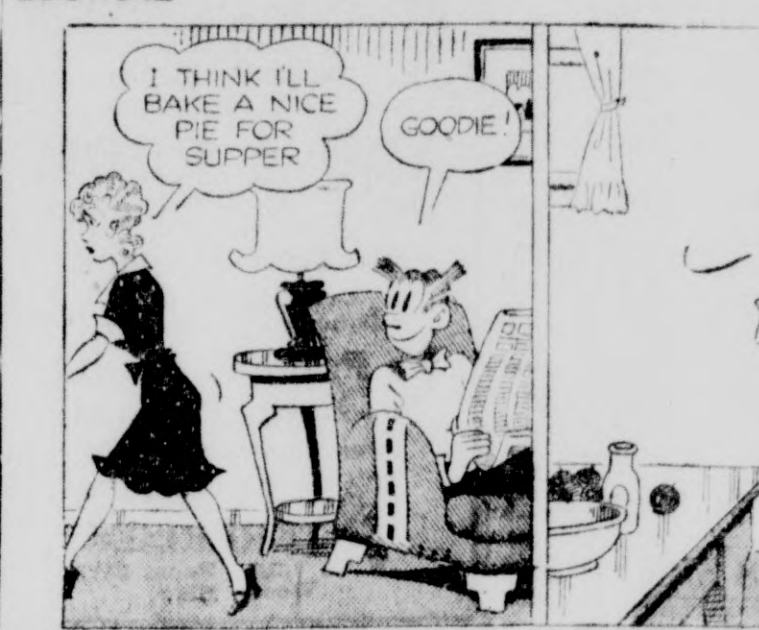

Jack Sutherland, now visiting his mother in his native Scotland, is expected to have about 60 players on hand when the team begins training at Hershey, Pa., in August. Sutherland is scheduled to return to Pittsburgh from Scotland, July 2.

The earliest extant specimen of embroidery, the so-called Bayeux tapestry depicting the Norman conquest, dates back to the 10th century A. D.

## Claim Veterans Outshine Others In College Work

**Ex-G. I.'s Show Amazing  
Aptitude For Work; Do  
Better Than Non-  
Veteran Group**

WASHINGTON, June 26.—(INS)—Veterans going to college under the GI bill were credited today with being smarter—or at least better students—than non-veterans.

Dr. Francis Brown, veterans education specialist of the American council on education, said that the ex-servicemen had achieved a mass record of less than one percent of failure.

He said that educators have expressed amazement at the aptitude and energy which the veterans have brought to their school work. They also are reported to be surprised that the non-veteran group has been outclassed.

Brown estimated that 200,000 applications per day for certificates of eligibility are pouring into the veterans administration from ex-servicemen who want to get caught up on their book learning.

At the end of April these certificates, entitling holders to GI bill subsidies for education, had been applied for by 2,100,000 veterans, Brown commented.

Educators report that the veteran group is very definitely better than the non-veteran group in colleges and universities.

"They have demonstrated that fears that veterans would be unable to settle down to school routine were childish and unfounded."

**Doing Better Work**  
"Veterans are doing more work and better work than non-veterans. They have a record of less than one percent of failure in colleges so far."

The education specialist contended that eagerness of ex-GIs for higher education is influencing educators to expedite their programs for expansion so that even more veterans can find room in colleges.

The problem of taking care of the four-year backlog of education-starved ex-servicemen, the new graduates of the nation's high schools and the more or less constant numbers of women wanting college education is conceded to be a tough one.

Brown said that every day new veterans decide to go back to school at the government's expense to equip themselves for the post-war job scramble. He added:

"The colleges and universities are doing the best they can to expand their facilities, facilities and courses to accommodate the veterans."

"There are great problems but schools are sold on veterans as students. I think most instructors would rather teach veterans than non-veterans. They have done a wonderful job."

## Armless, Legless Veteran To Study To Become Lawyer

PHILADELPHIA, June 26.—Jimmy Wilson, the armless and legless young veteran who received more than \$100,000 contributed last August and September, has decided to enter high school in Philadelphia this fall to prepare himself for a law career, it was revealed today.

The 21-year-old youth, who lost parts of his four limbs in an Army bomber crash in October, 1944, has applied for admission at Temple University high school. Wilson will enter this September under the school's accelerated program.

According to H. E. Harting, school principal, Wilson indicated on his admission application that he wanted to go on to pre-law school after he received his high school diploma.

His application also stated that he had completed one year of high school in Jacksonville, Fla., his home town, before entering the Army.

Harting estimated that Wilson should be graduated in 14 months. He is now living at 604 South Shore road, Absecon, N. J.

## Snyder Sworn In As New Treasurer

**But President Truman Steals Show  
At Ancient Treasury  
Building**

WASHINGTON, June 26.—(INS)—John W. Snyder of Missouri was sworn in as the 53rd Secretary of the Treasury Tuesday, but President Truman stole the show at the ceremonies on the south steps of the ancient Treasury building.

After the oath was administered by Snyder's predecessor, the new chief justice, Fred M. Vinson, the crowd of about 2,000 was invited to come up on the steps and shake hands with the President and congratulate the new secretary.

The precedent-breaking invitation was issued by Undersecretary O. Max Gardner and made a big hit with the crowd.

The spectators moved up on the steps in an orderly fashion and the President stood in the hot sun for about 10 minutes shaking hands with the pleased men and women. He then left the portico for the White House while Snyder and Vinson remained to greet the remainder of the crowd.

## Unionization Of Mine Foremen Is Opposed By J. & L.

WASHINGTON, June 26.—(INS)—Jones and Laughlin Steel Co., contended in Federal District Court today that unionization of mine foremen in the same union with production workers would impair safety in the nation's coal mines.

Company attorneys and government counsel presented arguments on the firm's petition for a preliminary injunction to restrain the Federal Coal Mine Administration from negotiating a contract with the United Mine Workers' Supervisory Employees Union.

Negotiations have been underway for some time between the United Clerical, Technical and Supervisory Employees Union, a subsidiary unit of John L. Lewis miner's organization, and Admiral Ben Moreell, administrator of the government-owned bituminous industry.

The court denied the steel company a temporary restraining order to halt the negotiations.

## Vacation School To Close With Picnic

On Friday the second and final week of the Daily Vacation Bible School will close at the Reformed Presbyterian church, Oak street, Dr. E. A. Crooks, the director says the school work has been progressing satisfactorily.

There will be a program given in the church on Thursday evening. The program will consist of demonstrations of the work accomplished by the pupils during the two weeks sessions.

Parents of the children, and friends in the community, are cordially invited to attend this interesting occasion, which will commence at 7:45.

Miss Anna Dodds, one of the teachers, returned Saturday after attending the School of Alcohol at Juniata College and is giving talks and demonstrations on the subject each morning at 11:30.

The picnic will bring the school to a close on Friday at noon. The children will bring their own sandwiches and the committee will provide coffee, ice cream and cake.

The state law of South Carolina decrees that the person who draws names of jurors from a hat for Richard county general sessions must be unable to read, so Anne McEachern, aged 5, of Columbus, was paid \$3 a day to draw them.

## Garden Notes

By Lewis C. Dayton,  
County Agent

## APPLYING MULCH TO GARDEN HELPS CONSERVE MOISTURE

Mulch, such as straw, old hay, finely cut cornstalks, strawy manure, lawn trimmings, or other litter can be applied to vegetable

gardens to good effect during hot, dry weather.

It will reduce the need for cultivation and weed control, but also retains moisture for growing plants, a factor of particular significance during the mid-summer hot, dry periods.

The ground should be covered sufficiently heavy with the mulch material to prevent weeds from getting a start and to keep the ground from drying out. If loose straw is used it can be spread to a depth of 6 inches.

Mulching should not be done during rainy periods, or on very low, damp ground, since snails may become troublesome. Mulching can be started when the ground is thoroughly warmed, and before the ground has dried out completely.

Mulch will be of special benefit to tomatoes, peppers, eggplants, cucumbers, melons, and other vegetables with long growing seasons. A much of strawy manure will be helpful for such crops as celery which require a continuous supply

of moisture and liberal fertilization.

**Use Sample Fertilizer.** A side-dressing of complete fertilizer, 5-10-5 or 4-12-4, if applied 4 to 8 weeks after planting, will be of benefit to many garden crops, including long-season leafy vegetables and others now growing in the garden.

The Ursulines, female monastic order of the Roman Catholic church, was founded in 1527 in memory of St. Ursula, British Christian martyr.

## BUSINESS CENSUS BILL VOTED DOWN

WASHINGTON, June 26.—(INS)—The House voted 167 to 161 to kill a bill calling for a census of manufacturers, business and distribution every five years.

The census was to have started next year.

Under present law, the manufac-

turers' census is taken every two years, and the business and distribution census every ten years.

The bill also would have granted specific authority to gather statistics on marriages, annulments and divorces.
